

## MADTOWN TWISTERS

### Skatepark & Action Sports Training

West Madison – Fall 2011

**Mission Statement** - Our goal at Madtown is to help you push the limits of your sport. We teach vital safety techniques, and utilize innovation, progression, and a wealth of experience in our new state of the art facility. From the streets to the water, the parks to the peaks... we'll help you take it to the next level.

**Background** - The Cotter-Brown family has always been deeply involved in the world of alternative sports, with experience in skateboarding, snowboarding, rollerblading, skiing, diving, wakeboarding, gymnastics, trampoline and more. Our extensive coaching background allows us to match the movement fundamentals of any sport with unique qualities of any individual to achieve the best possible results.

#### Class Descriptions

**Skate Classes** - Various ages - These classes offer a strong emphasis on building the basics, allowing faster and safer learning. Our individualized class structure allows for the skaters to have a choice in what they'd like to work on—with experienced teachers giving helpful tips and tricks. If you live to skate and want to get better faster, this class is for you. Transition or street, work on what you want with teachers that have over a decade of skating experience and an infinite willingness to share their secrets.

**Beginner Skate/Snow Class** - All ages - For the beginner skater or snowboarder (or both), we use trampolines and tramp-boards (snow and skate) to learn flip-tricks, spins, grabs and anything else involving being in the air. We'll then use our brand new skatepark and dry-land snowboard jumps to take it all to the next level. This is a versatile class with a very individualized teaching format, allowing participants to learn what they *want* to learn at their own pace.

**Action Sports Class** - All ages - Park and Tramp - Skateboarders, Snowboarders, Skiers, Rollerbladers, Wakeboarders and anything else you can think of to ride. Get better at whatever you'd like while using our State of the Art facilities and knowledgeable coaches. This class is the maximum for versatility and fun.

**Instructional Open Skate**-Drop in for an open skate with instruction from our skate staff-ideal for those that have difficult schedules-no monthly commitment required.
